Dear Mr Darling

Road Safety at the Junction of A20/Maidstone Road and Sandyhurst Lane, Ashford

I refer to our previous correspondence. Thank you for your reply dated 4 October 2011.

Whilst noting the usual caveats about budgetary constraints, our Association was pleased to learn that you had concluded that the site warrants further investigation and that you intended to examine the safety record in the area as part of your annual Casualty Reduction Programme.

We are very keen to see this work taken forward, given the numerous accidents which have occurred at this junction. I should, therefore, be grateful if you could advise me the timing of the investigation which you are undertaking.

Yours faithfully

Howard Preston
