

WyeCycle garden waste collections

For over 20 years WyeCycle have been running a community composting project in Wye. We are now pleased to offer our service in Kennington, allowing you to have your garden waste composted in a manner which is both environmentally sustainable and socially equitable.

Taking part in this new community project is easy:

- 1) Purchase WyeCycle tags from The Fair Trade Shop in The Street, Kennington.
- 2) Bag your garden waste in normal black sacks, and tie a WyeCycle tag to each bag.
- 3) When you need a collection let WyeCycle know on a Tuesday.
- 4) Put your sacks out for collection by 8.00am on Wednesday.

Benefits of this scheme for you, your community and the environment

- * The less garden waste you produce the less you pay.
- * Avoids having yet another wheelie bin.
- * Weekly collection.
- * Keeps your money in the local economy.
- * No more polluting trips to the tip.
- * Support for local good causes: 10p from each WyeCycle tag sale will go to a local organisation, distributed each quarter. To nominate a recipient please write your suggestion on the reverse of a WyeCycle tag. To kick things off the recipient for July – September 2013 tag sales will be The Friends of Downs View Infant School.

Please see overleaf for full details

The Small Print

- * This Wednesday collection service is currently available in Kennington only, although we do plan to expand it.
- * Tags are priced at £1.50, in bundles of 10 for £15. To assist The Fair Trade Shop please pay with the exact money, or by cheque payable to WyeCycle.
- * Garden waste should be securely contained in normal black sacks or other bags (eg old compost bags) of an equivalent size.
- * One WyeCycle tag should be tied to each bag.
- * The bags will be removed with your garden waste, so please do not use bags that you wish to keep.
- * Overflowing or excessively heavy bags will not be collected, for ease of handling and health and safety considerations.
- * Although we are happy to collect single bags, it will help with the efficiency of this service if you request a collection once you have two or more bags.
- * Please place your bags where they will be clearly visible from the road, but not so as to cause an obstruction.
- * We just need your address, preferably by text or email, sent to us on a Tuesday. If you are unable to text or email then leave your address on the answer phone.
